Name on Card:  Date of Expiry(month/year):

### How would you like to participate in RAGMSA?

- Member recruitment:
- Communications newsletter:
- Specific projects:
- Public relations:
- Donation only:

Please advise preferred method of communication:

To submit this form, print it and fax to +61393115423 or simply save it and email it as an attachment to [taurins@vegas.com.au](mailto:taurins@vegas.com.au).

\$US20 Membership dues are used for administration. Unused funds are donated to MS Research to help find a cure for MS.

For RFMSA Objectives refer below!

## **RFMSA Objectives:**

1. Comply with MS Constitution Guidelines.
2. Enjoy fellowship of people with special interest in MS around the world.
3. Develop and integrate an internet chat forum into our website <http://www.rotaryfmsa.org/> where Rotarians, neuro- researchers, representatives of pharmaceutical companies, People with Multiple Sclerosis (PWMS) and Multiple Sclerosis Federation (MSIF) can exchange ideas and experiences with MS related issues.
4. We want the fellowship to expand, there are 40 countries in the world where Rotary and MS Societies could link.
5. We want to organize RFMSA events in conjunction with MSIF, such as an MS dinner in countries all around the world on the same day.
6. We want to raise funds internationally to help find a cure for MS and Rotary to act as an independent facilitator.
7. We want to emphasize the co-relation of all neurological and immune system diseases such as Diabetes, Alzheimer's, Motor Neurome (Lou Gherig's), Parkinson's, Muscular Dystrophy and AIDS with the hope that cure in one disease will lead to developments to find a cure in the others.
8. Help find a cure for MS and help provide care for PWMS.
